- Ensuring that owners, trainers, exhibitors and their agents use responsible care and handling, treatment and transportation of their horses as well as horses placed in their care for any purpose.
- Providing for the continuous well-being for horses by encouraging routine inspection and consultation with health care professionals and competition officials to achieve the highest possible standards of nutrition, health, comfort, sanitation and safety as a matter of standard operating procedure
- continuing to support scientific studies on equine health and welfare
- Increasing education in training and horsemanship practices
- Requiring owners, trainers and exhibitors to know and follow their sanctioning organization's rules and to work within industry regulations in all equestrian competitions
