This rule is applicable to all competitors (including foreign) at EC-sanctioned events and applies to falls/accidents that occur at the event location. Jumpers: In the event of a fall of an Athlete and/or Horse at any time from the moment the Athlete/Horse combination enters the Competition arena up until the moment they cross the starting line in the correct direction, whether or not the signal to start has been given, the combination will not be permitted to start in the round or Competition in question and the bell must be rung accordingly, the 45-seconds countdown will not be interrupted. BIO-SECURITY

Protecting the health of your horses is of the utmost importance to Milner Downs. In addition to the Required Horse Health Requirements for Vaccination and Event Participation Declaration, Milner has compiled this list of Bio-Security Measures that are excellent guidelines for decreasing the risk of exposure or spread of disease.

DIRECT AND INDIRECT CONTACT BETWEEN HORSES AND PEOPLE

The most common path for spreading germs and disease is contact among horses, humans and other animals. Bodily fluids such as nasal discharge, saliva and sweat can carry germs which are easily transmitted from horse to horse through direct and indirect contact.

- Limit horse-to-horse contact
- Limit horse-to-human-to-horse contact
- Limit horse-to-dog (other animal)-to horse, or horse-to-dog-to-human-to-horse contact.

1. Loose dogs will not be tolerated. Loose dogs in the stabling area, competition area, ship-in area, or found anywhere on the show grounds will be detained. \$50 fine for the first offense, \$100 for the second, and so on. Multiple offenses may result in expulsion from the grounds. Dogs can be a leading cause of the spread of germs – horses nuzzle the dog, people pet the dog then pet the next horse – and before you know it, the germs have been spread. Please be courteous and clean up after you dogs on the grounds – Milner Downs will have doggie bags and cans available around the grounds.

2. Restrict unnecessary movement of horses out of their aisle or barn. Don't take a horse to another barn to be tacked up, braided, clipped, etc. It may seem easier sometimes, but sharing equipment and grooming supplies, or coming into nose-to-nose contact with other horses or soiled surfaces can spread germs.

3. Do not lead horses down other tent/barn aisles. Don't cut through a tent/barn on your way to the paddock or ring; go around the perimeter of the tent/barn. It may be shorter, but it risks your horse coming into to contact with other horses, soiled surfaces and equipment, dogs, etc.

4. Don't let horses make nose-to-nose contact with horses from other barns when in common areas such as wash racks, at the

rings, or while grazing. Yes, it's cute when they want to visit with each other, but germs can spread just like the cold or flu going through a kid's classroom.

5. Do not touch or pet, or feed treats to horses from other barns unless necessary. Yes, we all want to pet all the horses we see, but be mindful that you may be spreading germs from one horse to another when you do this.

EQUIPMENT HANDLING

Soiled equipment is another common path for spreading germs and disease. Nasal discharge, saliva, sweat, and even soiled bedding can carry microbes and spread them via shared items such as tack, equipment, hoses, buckets, grooming supplies and towels.

1. Do not let water hoses touch buckets when filling. Contact with a contaminated surface on a water bucket can be easily transmitted to the next bucket contacted.

2. Do not allow horses to drink from the hose.

3. Do not share water or feed buckets.

4. Have hand sanitizer readily available, and use it between grooming/tacking up horses. Keep it handy in the grooming stall, on your golf cart, and in your grooming box at the ring

5. Use clean brushes and towels on each horse. If you don't have enough brushes for each horse to have his own set, be sure to wash them often.

6. Don't share tack and equipment, especially bits and bridles, unless they are cleaned between each use.

7. Monitor your horses & contact Paton & Martin, the Show Veterinarian, at (604) 856-3351 if you notice any unusual symptoms.

Protecting the health of your horses is of the utmost importance to Milner Downs. Milner Downs has implemented Required Bio-Security Measures to decrease the risk of introduction and/or spread of contagious or infectious

disease at its show. The following Health Requirements must be on file in the Horse Show Office for ALL horses entering the Show Grounds, both Showing and Non-showing. Competition numbers will not be issued until the requirements are met.

HEALTH REQUIREMENTS

1. Proof of Vaccination - You must provide proof of vaccination for ALL of your horses on the grounds, showing or not Required Vaccines are: EHV 1 & 4 (Rhino) – within 6 months (180 Days)

2. Event Participation Form - You must complete the Event Participation Form, available in the Office, at www.milnerdowns.com or in the prize list.

3. Back Numbers will not be issued until the Health Requirements are met. Milner Downs may require any horse with missing/incomplete/expired Vaccination Records to be placed under observation until the requirements are met.

4. Keep copies of your Vaccination records in your tack room or in your truck/trailer. You may be asked by Milner personnel or to present your health papers at any time.

5. Ship-Ins: If you ship in and out daily, keep copies of your Vaccination records in your truck/trailer. You may be asked to present these records. The Ship-in lot will be checked daily. If proper records are not immediately available, the horse(s) must a.) remain under Milner Staff observation until the paperwork is presented, or b.) will be asked to leave the grounds.

6. Ship-ins may ONLY park in the designated areas; Ship-ins MAY NOT park by the barns.

BIO-SECURITY MEASURES

1. Be sure to read the Bio-Security tips on the reverse of this page – a one-page handout that reviews simple steps we all can take to keep horses healthy!

2. Trainers - please let your braider know about the new Bio-Security regulations.
